4. Comments:

4.1) How have you been challenged intellectually through studying with your instructor?

- I've been challenged intellectually by attempting to expand what I learned in English in high school. It was difficult learning that what I learned in high school weren't the set rules for English and that I could be creative.
- Moderately
- There were a good amount of assignments that required much effort
- This course has done a fair job of challenging my intelligence, and applying it to the assignments.
- To be honest, I haven't really been challenged. I thought this course was very easy.
- To work hard
- Trying new things as a writer and doing work I've never done.
- Writing papers based off of sources such as the visual elements and text elements.
- Yes
- Yes I have and it was a challenge that I enjoyed completing
- Yes with the writing style.
- by having to do crucial research and avoiding topics i found insensitive
- writing papers challenged me

4.2) What were the strengths or weaknesses of the class sessions?

- Class time not used efficiently by instructor
- In small groups, sometimes students would come unprepared so that would make the small group worthless and pointless. Sometimes there would also be a small amount of effort from other students.
- It was the same as 150, maybe change up the papers.
- My weaknesses in the class were definitely writing the rhetorical analysis. This was alway a struggle for me but I did think I improved a little.

- Strength was oral presentations and papers and my weakness was starting papers and procrastination.
- Strengths are most of what we taught I did well in the class
- Strengths of this class were that we met regularly and were able to get to know our classmates. The only weakness was that we didn't get a ton of time in class to work on our assignments.
- Strengths- Not too long, Instructor had good content
  Weaknesses- Moodle is a terrible resource, there was no true use for the textbooks it was a waste of money
- Strengths. Productive feedback and guidance
  Weakness. Lots of excess time
- Strengths: Easy to understand the class topics
  Weaknesses: Sometimes, I felt like this class was very pointless and that I haven't learned anything.
- The assignment were clearly laid out, and it made it easy to follow the rubric.
- The strengths are that this is a comfortable learning environment, we have really good discussions over topics, and the instructor thoroughly knows what he's doing. Weaknesses are the drive to get an assignment done and reading, but that's more of a personal problem.
- Weaknesses: the readings from the required textbooks weren't essential to a person's success in the class and generally felt like busywork

  Strengths: the professor was accommodating and cared about every student's success
- it was overall a good class
- nothing im a beast

4.3) How well did the instructor achieve the stated goals and objectives of the course? What was the most valuable thing you learned?

- All of the goals were met. Each goal was stated at the beginning of each objective every time and they always were met either by students or the instructor. I learned how to write good intellectual essays based off of different sources.
- Altay did very well! The most valuable thing I learned was to be my creativity into my writing.
- Extremely well
- He did a great job. He really pushed me in my writing.
- He succeeded with flying colors. We definitely accomplished learning the written, oral, visual, and electronic components of English. The most valuable thing I learned was how to analyze a visual and understand electronic communication.
- My instructor did an excellent job achieving the stated goals. The most valuable thing I learned was the importance of communication with your professor
- Sometimes I felt like the instructor didn't really know what he was talking about because he often would not give valuable feedback. The most valuable thing I learned is interpreting visuals because I had never done that before in prior English classes.
- The instructor of the class made the class very open and inviting. This lead to a fun environment where we could learn and ask questions at will. The most valuable item I learned from this class was about presenting. I have never been a strong public speaker, so working on that aspect of my skills was the most valuable thing I learned.
- Very well
- Very well 10/10
- Very well we got everything done, Most valuable how to start papers on time.
- Very well. very good instructor.
- good.
- very good, i learned a lot

4.4) How do you rate the teaching ability of this instructor?

- 10 out of 10. He knew how to answer every question and gave feedback that was adequate for each piece of work, whether it was good or bad.

- 10/10
- 1000/1000
- 11/10 He was great (thumbs up emoji x2)
- 8 out of 10
- Altay did an amazing job at creating a fun environment for the class. I learned quite a bit about my writing throughout the semester, like diction and basic transitions.
- Great.
- He's a great guy, I'm happy I had him
- His teaching ability is adequate.
- I give our instructor a 10/10, I believe he worked well with us and was able to teach us very well.
- Mr. Ozkul is a greta instructor and worked well with our class.
- My instructor was an excellent teacher, better than most of my other professors. He is clear in his grading and expectations and is always open to talk to about the assignments or grading.
- On a scale of 1-10, I would give him a 9.
- Very good
- Very high, great professor
- below average
- very high

4.5) What other things would you like the instructor to know, either about the course or about the instructor's performance?

- Altay, keep up the good work!
- Be a little more organized.
- Go back to blackboard
- Great teacher awesome person
- Nothing- thought this class was great!
- Sometimes I felt like he wasn't paying attention to what the students were saying when we had discussions. He would then simply agree, rather than giving his own opinions and providing valuable input on the discussion topic.
- Thank you for keeping in mind students comments in the middle of the semester for the reflections. Not most instructors listen to students when they offer suggestions or complain about the class.
- This is exactly what I wanted this course to be
- i like your hair
- it was a very well run class
