

99S Final Presentation

Assignment Sheet

“Choose Your Adventure at Iowa State”

Time at Iowa State University is filled with classes and studying, but it should also be a time of expanding your horizons. Many students do this by getting involved in student organizations (clubs or activities). In keeping with this idea, you and your partner(s) will choose a program, organization, club, or activity at Iowa State that you want to introduce to your classmates. You may already be a member of this organization, but you are not required to be.

You may consider presenting a more “professional” campus program/organization, such as:

- Study Abroad Center
- Reiman Gardens
- Live Green! Initiative
- Joan Bice Underwood Tearoom and etc.

Or you may want to introduce a student club, organization or campus activity to us.

Sororities/fraternities may not be topic of your presentation. You need to discuss with your group the possible options for your presentation, and then come to an agreement about the topic of your presentation.

You will tell us about the:

- Purpose
- Membership requirements
- Meetings/activities
- Leadership possibilities
- Anything else we should know about the organizations

You will create a slideshow to go along with your presentation which will be uploaded by MIDNIGHT the night before our final. The slideshow should have:

- A title page
- A table of contents
- Body slides
- A conclusion
- References page

You need to make a decision on your presentation topic with your group and e-mail your instructor your topic choice to claim it by Friday of Week 15 (12/1). First come, first served!

Your presentation will last 12 minutes for groups of three, and 8 minutes for groups of two. Each group member will have 4 minutes to talk. The presentation is worth 15% of your grade.
